## BENTLEY AT VICTORIA PARK

Bentley at Victoria Park, a 13-unit upscale townhouse community located at 901 NE 17th Way and breaking ground in May, will feature a "safe" room in each unit. The room—to include impact resistant glass, a generator capable of powering a refrigerator and air conditioner, gas appliances and a dedicated phone line—is designed for use in hurricanes and other home emergencies.

Bentley Realty Group President and Project Developer Sam S. Caliendo is an experienced developer who has built some of Boca Raton's most lavish homes, several of which were featured on TV's *Lifestyles of the Rich and Famous*. Each Bentley at Victoria Park townhouse features granite countertops, wood finished cabinets, stainless appliances, a gas barbecue and a Jacuzzi tub. Optional amenities include a 3-story elevator, private pools with security gates, entertainment and theatre systems, custom bars, a gas fireplace, body massager, steam unit and advanced electronics. Units range from 3,877 to 4,677 square feet, depending on model, and are priced from the \$700,000s.
